

QUALITY INNOVATION AWARD

THE INTERNATIONAL COMPETITION OF INNOVATIONS

Quality Innovation Award is the premier international innovation competition. We identify quality innovations of the highest level through our rigorous process of assessment, expert opinions and authoritative jury. Our criteria focus on hallmarks of a true quality innovation: novelty value, usability, learning, customer orientation and effectiveness. 1000+ innovations across private and public sectors all around the world have entered Quality Innovation Award for neutral evaluation and recognition since 2007.

Your participation enables you to

- ✓ benchmark your innovation at the national and international level
- ✓ receive feedback from an independent professional body
- ✓ raise awareness about your innovation
- ✓ improve your ability to sell your innovation
- ✓ penetrate new markets
- ✓ enhance innovativeness in your organization
- ✓ get national and international recognition

HOW TO PARTICIPATE?

Any innovation or idea can enter the competition. We take every effort to ensure that participation is effortless for you. All applications are processed with utmost confidentiality. The method of participation may vary between countries. Please check qualityinnovation.org for more details or contact your friendly local partner.
